

College History Project Debuts this Fall with Web-based Timeline

College's Student Lounge Gets an IKEA "Make-Over" as Part of Alumni Chapter Project

The College's Student Lounge is getting a major makeover as part of an ongoing project by the Alumni Chapter. The project, which is part of the College's 100th anniversary celebration, involves the renovation of the lounge to create a more modern and comfortable space for students. The new lounge will feature contemporary furniture, including sofas, armchairs, and coffee tables, all sourced from IKEA. The project is being funded by the Alumni Chapter and is expected to be completed by the end of the year. The new lounge will be a great place for students to study, relax, and socialize.

New Research Center Studies Assessment

The College's new Research Center is conducting a comprehensive assessment of its current operations and future potential. The assessment, led by a team of experts, will evaluate the center's research output, funding sources, and the skills of its researchers. The goal is to identify areas for improvement and develop a strategic plan for the center's growth. The assessment will also look at the center's impact on the College and the broader academic community. The results of the assessment will be used to inform decisions about the center's future direction and funding. For more information, visit www.education.umd.edu/institutesand_centers.

New Members of Alumni Chapter Board Elected

The Alumni Chapter Board has elected new members for the upcoming year. The newly elected members will be responsible for overseeing the chapter's activities and representing the interests of the alumni. The board members were elected during a meeting held at the College. The new members include [names], who will be serving for the next year. The board will continue to work on projects that support the College and its students. For more information, visit www.education.umd.edu/infofor/alumniandfriends.html.

Want to Keep Up With the News?

C B
is On-line!

Check out the new online news service, **C B**, which provides up-to-date information on the College and its activities. The service is available on the College's website and can be accessed from any computer with an internet connection. The news service covers a wide range of topics, including news about the College's research, student life, and alumni activities. It is a great way to stay informed about the latest news from the College. For more information, visit www.education.umd.edu.
